

Strawberry Mojito

This adult beverage was a refreshing reward after a day of building a new garden and transplanting my strawberry plants. You can always turn this into a sparkling strawberry-mint mocktail by omitting the rum and upping the lime juice to 6 oz and the club soda or sparkling water to 8 oz total (for 2 servings). Cheers!

Refreshing adult beverage

Strawberry Mojito

This refreshing adult bev features fresh strawberries and mint

- 6 medium strawberries (hulled)
- 6 fresh mint leaves
- 3.5 tsp sugar
- 4 oz light rum
- 2 oz freshly squeezed lime juice
- 6 oz chilled club soda or sparkling water

1. Place 5 strawberries, mint leaves and sugar in a cocktail shaker. Mash well. Add rum, lime juice and ice cubes to shaker; close tightly and shake until cold. Strain into two ice-filled glasses. Top with club soda or sparkling water. Slice remaining strawberry and add to glasses.
